

# E mafai e se gasegase se to'atasi lea e tali ma tau poloka le mānava ona faasalalau siama i le 'ea ma vave ona aafia ai tagata e to'atele.

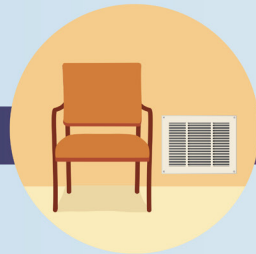

E mafai ona e fesoasoani e taofia le salalau atu o siama.

Fai atu i le gasegase e fai se tali fofoga.

Afai e te latalata atu i le gasegase, fai se masini e faamānava ai (respirator) po o se tali fofoga.

Siaki ina ia mautinoa e lē poloka vaega e sau ai le 'ea i le potu.

Tuu le gasegase i totonu o se potu ese.

*Afai fo'i ua maua e le gasegase se pata o le tino, ia talanoa ma 'au foma'i ma 'au e puipuia mai faama'i pipisi mo nisi laasaga mo le taofia ai o faama'i pipisi.*

Ia fufulu mamā ou aao.

Faamamā ma faaaogā vai laau e tape ai siama e solo ai mea e pa'i ai tagata ma mea ua faaaogā tagata uma.
